Insurance Underwriter

This Insurance, under Certificate **ATR17-170613-01TM**, is underwritten by Certain Underwriters at Lloyds, London, rated "A" (Excellent) by AM Best.

Purpose of This Provision

An Insured Person(s) may be covered for health benefits or services by more than one plan. If he/she is, this provision allows the Company to coordinate what the Company pays or provides with what another Plan pays or provides. This provision sets forth the rules for determining which is the primary plan and which is the secondary plan. Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all Plans under which the Insured Person(s) is covered.

DEFINITIONS

The words shown below have special meanings when used in this provision. Please read these definitions carefully.

Allowable Expense: The charge for any health care service, supply, or other item of expense for which the Insured Person(s) is liable when the health care service, supply, or other item of expense is covered at least in part under any of the Plans involved, except where a statute requires another definition, or as otherwise stated below.

When this Certificate is coordinating benefits with a Plan that provides benefits only for dental care, vision care, prescription drugs or hearing aids, Allowable Expense is limited to like items of expense.

The Company will not consider the difference between the cost of a private hospital room and that of a semi-private hospital room as an Allowable Expense unless the stay in a private room is Medically Necessary and Appropriate.

When this Certificate is coordinating benefits with a Plan that restricts coordination of benefits to a specific coverage, the Company will only consider corresponding services, supplies or items of expense to which coordination of benefits applies as an Allowable Expense.

Claim Determination Period: A Calendar Year, or portion of a Calendar Year, during which an Insured Person(s) is covered by this Certificate and at least one other Plan and incurs one or more Allowable Expense(s) under such plans.

Plan: Coverage with which coordination of benefits is allowed. Plan includes:

- a) Group insurance and group subscriber contracts, including insurance continued pursuant to a Federal or State continuation law;
- b) Self-funded arrangements of group or group-type coverage, including insurance continued pursuant to a Federal or State continuation law;
- c) Group or group-type coverage through a health maintenance organization (HMO) or other prepayment, group practice and individual practice plans, including insurance continued pursuant to a Federal or State continuation law;
- d) Group hospital indemnity benefit amounts that exceed \$150 per day;
- e) Medicare or other governmental benefits, except when, pursuant to law, the benefits must be treated as in excess of those of any private insurance plan or non-governmental plan.

Plan does not include:

- a) Individual or family insurance contracts or subscriber contracts;
- b) Individual or family coverage through a health maintenance organization or under any other repayment, group practice and individual practice plans;
- c) Group or group-type coverage where the cost of coverage is paid solely by the Insured Person(s) except when coverage is being continued pursuant to a Federal or State continuation law;
- d) Group hospital indemnity benefit amounts of \$150 per day or less;
- e) School accident type coverage;
- f) A State plan under Medicaid.

Primary Plan: A Plan whose benefits for an Insured Person(s)'s health care coverage must be determined without taking into consideration the existence of any other Plan. There may be more than one Primary Plan. A Plan will be the Primary Plan if either "a" or "b" below exists:

- a) The Plan has no order of benefit determination rules or it has rules that differ from those contained in this Coordination of Benefits and Services provision; or
- b) All Plans which cover the Insured Person(s) use order of benefit determination rules consistent with those contained in the Coordination of Benefits and Services provision and under those rules, the plan determines its benefits first.

Reasonable and Customary: An amount that is not more than the usual or customary charge for the service or supply as determined by the Company, based on a standard which is most often charged for a given service by a Provider within the same geographic area.

Secondary Plan: A Plan which is not a Primary Plan. If an Insured Person(s) is covered by more than one Secondary Plan, the order of benefit determination rules of this Coordination of Benefits and Services provision shall be used to determine the order in which the benefits payable under the multiple secondary plans are paid in relation to each other. The benefits of each Secondary plan may take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plan which, under this Coordination of Benefits and Services provision, has its benefits determined before those of that Secondary Plan.

PRIMARY AND SECONDARY PLAN

The Company considers each plan separately when coordinating payments.

The primary plan pays or provides services or supplies first, without taking into consideration the existence of a Secondary Plan. If a Plan has no coordination of benefits provision, or if the order of benefit determination rules differ from those set forth in these provisions, it is the primary plan.

A secondary plan takes into consideration the benefits provided by a primary plan when, according to the rules set forth below, the plan is the secondary plan. If there is more than one secondary plan, the order of benefit determination rules determine the order among the secondary plans. The secondary plan(s) will pay up to the remaining unpaid allowable expenses, but no secondary plan will pay more than it would have paid if it had been the primary plan. The method the secondary plan uses to determine the amount to pay is set forth below in the **Procedures to be Followed by the Secondary Plan to Calculate Benefits** section of this provision.

The secondary plan shall not reduce Allowable Expense for medically necessary and appropriate services and supplies on the basis that precertification, preapproval, notification or second surgical opinion procedures were not followed.

RULES FOR THE ORDER OF BENEFIT DETERMINATION

The benefits of the Plan that covers the Insured Person(s) as an employee, member, subscriber or retiree shall be determined before those of the Plan that covers the Insured Person(s) as a Dependent. The coverage as an employee, member, subscriber or retiree is the primary plan.

The benefits of the Plan that covers the Insured Person(s) as an employee who is neither laid off nor retired, or as a dependent of such person, shall be determined before those for the Plan that covers the Insured Person(s) as a laid off or retired employee, or as such a person's Dependent. If the other Plan does not contain this rule, and as a result the Plans do not agree on the order of benefit determination, this portion of this provision shall be ignored.

The benefits of the Plan that covers the Insured Person(s) as an employee, member, subscriber or retiree, or Dependent of such person, shall be determined before those of the Plan that covers the Insured Person(s) under a right of continuation pursuant to Federal or State law. If the other Plan does not contain this rule, and as a result the Plans do not agree on the order of benefit determination, this portion of this provision shall be ignored.

If a child is covered as a Dependent under Plans through both parents, and the parents are neither separated nor divorced, the following rules apply:

- a) The benefits of the Plan of the parent whose birthday falls earlier in the Calendar Year shall be determined before those of the parent whose birthday falls later in the Calendar Year.
- b) If both parents have the same birthday, the benefits of the Plan which covered the parent for a longer period of time shall be determined before those of the parent for a shorter period of time.
- c) Birthday, as used above, refers only to month and day in a calendar year, not the year in which the parents was born.
- d) If the other plan contains a provision that determines the order of benefits based on the gender of the parent, the birthday rule in this provision shall be ignored.

If a child is covered as a Dependent under Plans through both parents, and the parents are separated or divorced, the following rules apply:

- a) The benefits of the Plan of the parent with custody of the child shall be determined first.
- b) The benefits of the Plan of the spouse of the parent with custody shall be determined second.
- c) The benefits of the Plan of the parent without custody shall be determined last.
- d) If the terms of a court decree state that one of the parents is responsible for the health care expenses for the child, and if the entity providing coverage under that Plan has knowledge of the terms of the court decree, then the benefits of that plan shall be determined first. The benefits of the plan of the other parent shall be considered as secondary. Until the entity providing coverage under the plan has knowledge of the terms of the court decree regarding health care expenses, this portion of this provision shall be ignored.

If the above order of benefits does not establish which plan is the primary plan, the benefits of the Plan that covers the employee, member or subscriber for a longer period of time shall be determined before the benefits of the Plan(s) that covered the person for a shorter period of time.

Procedures to be Followed by the Secondary Plan to Calculate Benefits

In order to determine which procedure to follow it is necessary to consider:

- a) The basis on which the primary plan and the secondary plan pay benefits; and
- b) Whether the provider who provides or arranges the services and supplies is in the network of either the primary plan or the secondary plan.

Benefits may be based on the Usual and Customary Charge (U&C), or some similar term. This means that the provider bills a charge and the Insured person(s) may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on a Usual and Customary Charge is called a "U&C Plan."

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule or some similar term. This means that although a provider, called a network provider, bills a charge, the Insured person(s) may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a "Fee Schedule Plan." If the Insured person(s) uses the services of a non-network provider, the plan will be treated as a U&C Plan even though the plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a capitation. This means that the health maintenance organization (HMO) pays the provider a fixed amount per Insured Person(s). The Insured Person(s) is liable only for the applicable deductible, coinsurance, or copayment. If the Insured person(s) uses the services of a non-network provider, the HMO will only pay benefits in the event of emergency care or urgent care. In this section, a Plan that pays providers based upon capitation is called a "Capitation Plan."

In the rules below, "provider" refers to the provider who provides or arranges the services or supplies, and "HMO" refers to a health maintenance organization plan.

Primary Plan is U&C Plan and Secondary Plan is U&C Plan

The secondary plan shall pay the lesser of:

- a) The difference between the amount of the billed charges and the amount paid by the primary plan; or
- b) The amount the secondary plan would have paid if it had been the primary plan.

When the benefits of the secondary plan are reduced as a result of this calculation, each benefit shall be reduced in proportion, and the amount paid shall be charged against any applicable benefit limit of the plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in both the primary plan and the secondary plan, the Allowable Expense shall be the fee schedule of the primary plan. The secondary plan shall pay the lesser of:

- a) The amount of any deductible, coinsurance or copayment required by the primary plan; or
- b) The amount the secondary plan would have paid if it had been the primary plan.

The total amount the provider receives from the primary plan, the secondary plan and the Insured Person(s) shall not exceed the fee schedule of the primary plan. In no event shall the Insured Person(s) be responsible for any payment in excess of the copayment, coinsurance or deductible of the secondary plan.

Primary Plan is U&C Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in the secondary plan, the secondary plan shall pay the lesser of:
